WORK EXPERIENCE

Rebrand Gurus | Noida | UP

02/2023 – 04/2024

Front End Web Developer

- Develop UI designs for multiple websites using HTML, CSS, JavaScript, focusing on aesthetics and functionality to deliver an engaging user experience.
- Developed 15+ websites utilizing different Content Management Systems like WordPress and Wix, ensuring they were responsive and user-friendly.
- Designed and developed 5+ websites from scratch using WordPress, handling everything from initial layout to final deployment.
- Improved the user interface (UI) and user experience (UX), optimized speed, and fixed bugs on 10+ websites to enhance performance and usability.
- Worked on building and maintaining websites using WordPress, Wix, and Shopify platforms.

Frazile | New Delhi

08/2022 – 02/2023

Web Developer Intern

- Developed websites using HTML, CSS, and JavaScript, ensuring clean and efficient code.
- Created mobile-friendly (responsive) layouts to ensure websites function well on various devices.
- Converted Figma and PSD designs into interactive, visually appealing websites, maintaining design integrity and usability.
